LEFAY SPA METHOD ENERGY-THERAPEUTIC PATHS

The World of Saunas, covering an area of over 1,700 sqm (18,298 sq ft), was created in collaboration with the Lefay SPA Method Scientific Committee according to the principles of Classical Chinese Medicine, one of the world's oldest diagnostic and therapeutic approaches.

It is based on the concept of energy (Qi), that cyclically moves between two poles: Yin and Yang. Over the years, it has evolved into the theory of the five phases or movements, which, depending on the season or time of day, dominate each other in a continuous and infinite cycle, ensuring the balance of world and life. Since everything that exists is connected to these five phases, they can be connected to the seasons, colours, directions, parts and components of the human body.

The Lefay SPA Method Energy-Therapeutic World was developed according to these principles and is dominated by five areas;

The Green Dragon, The Red Phoenix, The White Tiger, The Black Tortoise and the Centre, which connects all other areas: these are distinguished by different levels of temperature and humidity and dedicated phytotherapy.

Being inside these zones, in a world of analogies and symbolism, will help us to understand the type of energy we need to find balance again. They represent the relationship between our body and the elements, the seasons and the unique paths of our existence: each season is linked to an organ and to specific individual characteristics.

On this basis, the Lefay SPA Method Scientific Committee has created the innovative energy-therapeutic paths, according to the individual energy condition.

THE GREEN DRAGON

WOOD

In terms of energy, it represents the renewing of nature, the spring and the sunrise. The materials used are light coloured, unripe wood; the light is soft with the pastel colours of the shoots.

In spring, energy becomes “lighter and brighter” (Yang) while the “heavy and material” (Yin) one disappears. The energy flow rises toward the abdomen and chest. If this flow is obstructed, it may lead to symptoms such as irritability, peevishness, morning drowsiness and frequent awakenings.

RECOMMENDED SEQUENCE

- Aromatic Sauna (15 min.), sensory waterfall, phytotherapy, relaxation (15 min.). Repeat the sequence starting from the Sauna of Essences (12 min.)
- 1 Massage of The Green Dragon (50 min.)
The western-style manipulation technique follows the energy lines symbolically related to spring and dawn, i.e. meridians of the liver and the gallbladder. It has a relaxing effect on the muscles and on the whole body. During the massage, olive oil flavoured with a few drops of rosemary and orange essential oils is used, along with green cromotherapy.

The flow of energy moves from the chest to the surface of the body. If this flow is obstructed, symptoms such as agitation, palpitations and sleep disorders may be experienced.

In autumn, the “light and luminous” energy (Yang) significantly decreases and the “heavy” energy (Yin) emerges, reaching its peak in winter. 01.

FACE AND BODY ENERGY MASSAGES

The Lefay SPA massages aim to reactivate energy channels as well as rebalance the energy of body and mind and are personalised according to the individual's psycho-physical status. They have been developed by associating the principles of Classical Chinese Medicine with Western techniques, thanks to a combination of traditional massage techniques with the stimulation of "points and meridians" which activate the "energy" systems, ensuring that the treatment is deep and long-lasting. This method enhances the effects of a traditional massage, because the body receives an "energy message" which will be remembered and elaborated with time. Massages are carried out with natural certified products and are accompanied by aromatherapy with essential oils.

BODY MASSAGES

ANTI-AGE TREATMENTS

During the ageing process, the skin is the centre that is primarily affected by genetic and environmental factors bringing about morphological changes expressed in wrinkles, discolouring, slackening and dryness of the skin. These innovative treatments are conducted using products from the Lefay SPA Anti-Age Triple Action Cosmetics Line - at a high concentration of hyaluronic acid, regenerating vitamins, potent antioxidants and precious active ingredients that penetrate the deeper layers of the skin - modulate oxidative processes, support the natural mechanisms of defense and protect the gene pool. The use of these cosmetics is combined with manual firming and draining techniques and the use of devices that help tone the tissues like cupping and massage. An extraordinarily effective union, which restores the skin's firmness, freshness and energy.

TRIPLE-ACTION ANTI-AGE FACIAL TREATMENT

Il Cerchio della Luna

Dynamic and deep treatment that acts on the muscular tonicity, on the oxidation processes and on the natural defence mechanisms of the skin, thereby protecting genetic heritage. Like a proper lifting, the synergy between using the products of the Lefay triple-action Anti-Age line that restructures damage caused by genetic and environmental aging as well as the vacuum technique combined with the face, neck and shoulder massage, stimulates the process of regeneration and firms the tissues. The use of hot lava stones triggers the action of Stomach energy meridian travelling away from the face, restoring radiance to skin, as if it were mirroring the proper functioning of the body. The oval of the face appears fleshy, firm and smooth, wrapping itself in a new light.

THE PATHS OF THE BLACK TORTOISE

An enchanting mountain grotto that represents a place of deep recollection, where nature goes into hibernation and Yin is at its peak. Here, feelings that bring us closer to the natural dimension are unleashed: floating in the alpine Salt Lake, nestled like a precious gem, breathing the benefits of the Salt Grotto and regenerate thanks to the mud therapy and Lefay SPA rituals and treatments. In this area dedicated to purification, meditation, rest and the recovery of vital energies, Lefay SPA has created “The Paths of the Black Tortoise”. The protagonists are the mud created using silt from the Val di Genova, enriched with oligominerals extracted in ionic form: malachite, with a strong antioxidant action; olivine, rich in magnesium with a powerful energising and anti-age effect; rhodolite, that stimulates the natural immune defences and zincite, that protects DNA from external damages. In these wellness “paths” it is possible to feel connected to nature along mountain trails: the perfumes of mosses, the drops of dew and the contact with vegetation.

ILLUMINATING TREATMENT

For mature skin with cutaneous dyschromia

Skin discolouring is an alteration associated with an accumulation of melanin pigment that gives risk to unaesthetic spots on the face and the zones of the skin that are the most exposed. This illuminating treatment improves the skin, giving it a radiant complexion and a smoother texture thanks to salicylic, lactic and citric acids. Powerful antioxidants and coenzymes inhibit melanin production, stimulating healthy cell reproduction.

ONE THOUSAND AND ONE NIGHTS

From an ancient Middle Eastern tradition comes a purification ritual for face and body dedicated to deep skin cleansing, elimination of impurities and toxins. On the heated couch, the body is scrubbed with the Kassa glove, followed by the application of Rassoul and the steam bath, ending with a relaxing oil massage with pure argan oil. Each phase of the body ritual is accompanied by a facial ritual. The products used are natural and based on black soap, clay and honey for a maximum skin radiance.

FOR COUPLES

Rituals dedicated to couples in the exclusive Private SPAs inspired by the alpine atmosphere and the natural elements of the mountain, to rediscover yourself in a sensual trip for two.

01.

PRIVATE SPA

Inspired by the natural elements of the mountain, the two luxurious Lefay SPAs are characterised by unique environments and wellness paths to rediscover yourself in a sensual trip for two.

AMONGST THE FOREST

In the magical atmosphere of an enchanted forest, a ritual that evokes the harmony of nature, the scents of blooming meadows and the fascination of waterfalls: the revitalising sensation of being wrapped by drops of fresh water and sparkly flowers on the river banks. A charming experience to share, protected by the surrounding trees, guardians of the untouched beauty. It is said that the keeper of the forest was a fairy who once lived in the valleys' waterfalls, hidden between clouds of water in summer and icy crystals in winter.

LEFAY WELCOME RITUAL:

THE ALPINE LAKE

In this re-imagined lake area, surrounded by conifers, mind and body relax, relieving stress and tiredness with a warm bath in the water enriched with precious alpine essences.

FACIAL TREATMENT UNDER THE STARS AND AMONGST THE ALPINE FLOWERS

It is said that when the Dolomites emerged from the waters, magical creatures gave life to the flora and fauna of the area. The highest mountains however, naked and bare, suffered: the sky heard their cry and a star was dropped amongst the rocks, seed of edelweiss. These flowers, exposed to massive ranges of temperature and ultraviolet radiations, have effective defences that are also beneficial to our skin. The phytonutrients contained in flowers and used in this anti-ageing treatment, protect the skin from free radicals and slow the ageing process. The treatment begins with a scrub that prepares the face for the massage, which stimulates the regeneration of tissues. Finally, the facial mask restores radiance to the skin.

MASSAGE OF THE NARDIS FAIRY

Evokes the scent of fresh greenery and evergreens that grow on the shores of waterfalls and Alpine streams. The water flows from the source toward the pastures and meadows, taking the fragrances of blooming meadows. The massage is carried out using arnica and hypericum oil and has an antiinflammatory and relaxing action on the whole body.

THE CHALET

A special moment for two in a romantic chalet, like in a remote mountain retreat, away from everything else. This Private SPA is inspired by the intimacy of traditional alpine cottages overlooking the magnificent peaks or hidden near the silent forests. Here, it is possible to breathe notes of amber from the wooden panels and the warmth of secret space, like a little den, tucked away in the quiet of nature.

LEFAY WELCOME RITUAL:

MOISTURISING BATH

A hypnotic softness coats the skin like a warm and nourishing veil: a moisturising bath with honey, Lefay olive oil and horse chestnut, that creates a state of absolute relaxation and wellbeing in mind and body.

SCRUB "THE CARESS OF THE FOREST"

A body Scrub made with chestnut flour, salt and traditional alpine mountain butter: the flour, made from chestnut trees that surround the valley, combined with the Alpine salt and butter, has a smoothing and emollient effect, leaving the skin soft and ready to receive the enveloping couple massage.

MASSAGE OF THE FAUNS

Fauns are creatures that go back to the Greek and Roman mythology and, in particular, to the God Pan, protector of pastures, forests and all of their creations. It is said that they were used to hunt and court the nymphs of trees. This massage is performed using warm compresses containing aromatic herb of the forest, soaked in mountain butter which has an anti-inflammatory and relaxing action.

A MOMENT OF RELAXATION WITH THE FAUNS' REFRESHMENTS

The ritual ends with a moment of relaxation accompanied by a warm drink and delicacies to be shared as you huddle in front of the fireplace.
